Test Scenario

Test Scenario ID	Module	Test Scenario Description
TS_001	Home Page	Verify that the home page loads correctly without errors.
TS_002	Home Page	Verify that the website logo and navigation bar are displayed properly.
TS_003	Home Page	Verify that all navigation links in the header are functional and lead to the correct sections/pages.
TS_004	Home Page	Verify that the "Let's Begin" button is visible and redirects or scrolls to the correct section.
TS_005	Home Page	Verify that the main heading text (Like: tagline) is displayed clearly and is readable.

	TS_006	Home Page	Verify that the homepage layout is responsive across different screen sizes (desktop, tablet, mobile).
	TS_007	Home Page	Verify that all homepage images load correctly and are not broken.
	TS_008	Home Page	Verify that scrolling behavior is smooth and content appears in the correct sequence.
	TS_009	Home Page	Verify that global office information and related icons are displayed properly.
	TS_010	Home Page	Verify that the footer content, including links and social media icons, are working correctly.
	TS_011	About Us	Verify that the "About Us" section heading is displayed correctly.
	TS_012	About Us	Verify the subheading describing the company's mission appears correctly.
	TS_013	About Us	Verify that all service domains (Web Dev, App Dev, AI, Marketing) are listed.
	TS_014	About Us	Verify that the team image and associated description are displayed.

	TS_015	About Us	Verify the presence and accuracy of business statistics (Projects, Clients, Years of Experience, Team Advisors).
	TS_016	About Us	Verify that the daily active user count is displayed properly.
	TS_017	About Us	Verify the responsive behavior of the About section on different screen sizes.
	TS_018	About Us	Verify that text content in the About section is readable and not truncated.
	TS_019	About Us	Verify that all images in the About section are loaded and rendered correctly.
	TS_020	About Us	Verify that no broken links or buttons are present in the About section.
	TS_021	Service Section	Verify that the "Mobile App Development" category is displayed with all relevant services.
	TS_022	Service Section	Verify that the "Web App Development" category is displayed with all relevant services.

	TS_023	Service Section	Verify that the "Digital Marketing" category is displayed with all relevant services.
	TS_024	Service Section	Verify that the "Emerging Technology" category is displayed with all relevant services.
	TS_025	Service Section	Verify that each service item has the correct icon displayed beside it.
	TS_026	Service Section	Verify that the text for each service item is readable and properly aligned.
	TS_027	Service Section	Verify that all service items are non-clickable or clickable based on the design requirement.
	TS_028	Service Section	Verify the responsiveness of the service section on different screen sizes (desktop, tablet, mobile).
	TS_029	Service Section	Verify that no service item contains a broken or incorrect link.
	TS_030	Service Section	Verify that the service section loads completely and without delay on page load.

	TS_031	Portfolio Section	Verify that the portfolio title and description are displayed correctly.
	TS_032	Portfolio Section	Verify that the filter buttons (All Work, Website, Mobile App, Web App, Digital Marketing) are present and functional.
	TS_033	Portfolio Section	Verify that selecting each filter displays the correct set of projects.
	TS_034	Portfolio Section	Verify that each portfolio item includes a title, image, and category (Like: Mobile App, Web App).
	TS_035	Portfolio Section	Verify that the "View Project" button appears on hover over each project item.
	TS_036	Portfolio Section	Verify that clicking "View Project" navigates to the correct project details or relevant page.
	TS_037	Portfolio Section	Verify the pagination is visible and navigates correctly through all available portfolio pages.
	TS_038	Portfolio Section	Verify that the layout and styling are consistent across different browsers and screen sizes.
	TS_039	Portfolio Section	Verify that portfolio items are loaded dynamically if applicable without performance issues.

	TS_040	Portfolio Section	Verify that broken images or missing data are handled gracefully with fallback visuals or messages.
	TS_041	Case Study Section	Verify that the case study title and subtitle are displayed correctly.
	TS_042	Case Study Section	Verify that filter buttons (Mobile App Development, Web App Development, Digital Marketing, Artificial Intelligence) are present.
	TS_043	Case Study Section	Verify that clicking each filter displays only the case studies related to that category.
	TS_044	Case Study Section	Verify that each case study displays an image, title, and category label.
	TS_045	Case Study Section	Verify that the "View More Information" button is visible and functional on each case study card.
	TS_046	Case Study Section	Verify that clicking the "View More Information" button opens the correct case study detail or page.
	TS_047	Case Study Section	Verify layout and responsiveness of the case study cards across various screen sizes.

	TS_048	Case Study Section	Verify that no duplicate or unrelated case studies are shown for selected filters.
	TS_049	Case Study Section	Verify proper loading of images and error handling if any image fails to load.
	TS_050	Case Study Section	Verify accessibility features such as keyboard navigation and screen reader compatibility.
	TS_051	Insights Section	Verify the header and subtitle of the section display correctly.
	TS_052	Insights Section	Verify that all article categories (Like: UI/UX Design, Web Development, SEO, etc.) are listed correctly in the left sidebar.
	TS_053	Insights Section	Verify that clicking on a category filters the articles shown accordingly.
	TS_054	Insights Section	Verify that each article card displays title, image, category, and a preview snippet of content.
	TS_055	Insights Section	Verify that clicking on an article opens the detailed article page.

	TS_056	Insights Section	Verify the pagination functionality (Like: clicking Next/Previous and page numbers).
	TS_057	Insights Section	Verify that the "All" category displays all articles across all categories.
	TS_058	Insights Section	Verify the article images load correctly; fallback is shown on image load failure.
	TS_059	Insights Section	Verify that article sorting (if implemented) works correctly (Like: by date, popularity).
	TS_060	Insights Section	Verify mobile responsiveness and layout on various screen sizes.
	TS_061	Insights Section	Verify accessibility compliance including keyboard navigation and screen reader support.
	TS_062	Contact Form	Verify that the contact form fields (First Name, Last Name, Email, Phone, Company Name, Enquiry dropdown, Message) are displayed properly.
	TS_063	Contact Form	Verify the form validation for required fields.

TS_064	Contact Form	Verify that entering an invalid email address shows an error message.
TS_065	Contact Form	Verify that entering a non-numeric phone number is not allowed.
TS_066	Contact Form	Verify that the Enquiry dropdown allows selection from multiple options (Like: Mobile App Development).
TS_067	Contact Form	Verify the Send Message button submits the form successfully when all fields are valid.
TS_068	Contact Form	Verify error messages are shown if any required field is empty on submission.
TS_069	Contact Tabs	Verify that switching tabs (New Project, Joining Our Team, General Enquiries) changes the context properly.
TS_070	Contact Info	Verify that the email and phone numbers are clickable (mailto: and tel: links).
TS_071	Global Offices	Verify that location cards (USA, India, Canada, Australia, Ireland, etc.) display correct addresses and contact details.
TS_072	Contact Section	Verify mobile responsiveness of the contact section form and global office cards.

	TS_073	Contact Section	Verify that all labels and placeholders in the form are correct and user-friendly.
	TS_074	Contact Section	Verify accessibility features: keyboard navigation, form focus, and screen reader compatibility.
